

## S7 Airlines Launches New Service to KIX from Vladivostok

Kansai Airports announces that S7 Airlines (S7) will launch new flights twice a week between Kansai International Airports (KIX) and Vladivostok from April 28, 2017.

S7 is based in cities in Russia including Moscow and Novosibirsk and operates both domestic and international flights. S7 is a Full-Service Carrier and a member of the Oneworld Alliance.

Vladivostok, known as the terminal of the Trans-Siberian Railroad, is a port town with a European townscape and is getting increasingly popular among Japanese tourists.

By restarting direct flight services to Vladivostok for the first time since summer 2008, Kansai Airports expects the potential customer demand will increase through the convenience of direct flights.

Start date: Friday, April 28, 2017

Flight schedule

| Destination | Flight No. | Period                               | Date      |

# About Kansai Airports

As of April 1, 2016, Kansai Airports succeeded the operating rights Kansai International Airport (“KIX”) and Osaka International Airport (“ITM”) from New Kansai International Airport Company (“NKIAC”) and commenced business as an operating company for the two airports. Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports shares the common goal of maximizing the potential of the Kansai International Airport and Osaka International Airport, improving services to passengers and ensuring the highest levels of safety and security, investment to enhance safety, convenience and comfort to increase value, as well as enhancing community relations in the neighborhoods of the airports and benefiting the Kansai regional economy. On December 15, Kansai Airports signed a concession contract with the New Kansai International Airport Company (“NKIAC”) for an operating period of 44-years.
