

Jetstar Pacific launches Hanoi and Da Nang routes

Kansai Airports announces the launch of new Jetstar Pacific (BL) routes between Kansai International Airport (KIX) and the cities of Hanoi and Da Nang, the first direct low-cost carrier (LCC) flights between Japan and Vietnam. The two routes, which will each be serviced by four flights per week, will commence operations on Friday, September 1, 2017 and Saturday, September 2, 2017 respectively.

Jetstar Pacific, a member of the Jetstar Group based in Ho Chi Minh City, is the first LCC to operate in Vietnam. These new routes serving KIX will represent the first Jetstar Pacific routes to Japan. Da Nang will become the third Vietnamese destinations served from KIX, following Ho Chi Minh City and Hanoi, further enhancing and improving access from the airport to Southeast Asia.

Kansai Airports is committed to expanding and improving its network of services, including flights operated by LCCs, working to provide customers with greater convenience and a more comfortable, enjoyable, travel experience.

Shaping a New Journey

As of April 1, 2016, Kansai Airports succeeded the operating rights of Kansai International Airport ("KIX") and Osaka International Airport ("ITM") from New Kansai International Airport Company ("NKIAC") and commenced business as an operating company for the two airports. Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports shares the common goal of maximizing the potential of the Kansai International Airport and Osaka International Airport, improving services to passengers and ensuring the highest levels of safety and security, investment to enhance safety, convenience and comfort to increase value, as well as enhancing community relations in the neighborhoods of the airports and benefiting the Kansai regional economy. On December 15, Kansai Airports signed a concession contract with the New Kansai International Airport Company ("NKIAC") for an operating period of 44-years.
