

VietJet to launch daily flights to Ho Chi Minh from KIX

Kansai Airports is delighted to announce that VietJet Air, Vietnam's first and largest low-cost carrier, will operate daily flights between Kansai International Airport (KIX) and Ho Chi Minh, beginning December 14, 2018, making Ho Chi Minh the second Vietnamese destination from KIX after Hanoi.

Based in Hanoi, VietJet has been rapidly expanding its flight network both domestically and internationally. With a fleet of 60 aircraft, the carrier operates 385 flights each day. The new service connecting to the city—the nation's center of business and finance with a population of over 10 million people—is expected to bring more business and leisure travelers to Kansai.

Kansai Airports will continue to explore opportunities to expand its global network including low-cost flights, providing a more convenient and comfortable passenger experience for customers.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
