

ITAMI airport's 80th anniversary celebration event in appreciation for all our supporters

Kansai Airports is delighted to announce "Osaka International Airport's 4th Coming of Age Celebration Event" on Tuesday, January 15, 2019.

Born in 1939 under the name "Osaka No. 2 Airport", Osaka International Airport (ITAMI) will become 80 years old on January 17, 2019. Thanks to the unwavering and generous support over many years extended by all airport users, local communities and stakeholders, the airport has carved out a long history and reached this important milestone.

Instead of resting on the achievement, we pursue our ambition to grow further. The re-opening of the terminal central area in April 2018 gave a first glimpse of our aspirations for the future. Our continuing work to renovate and transform the airport will culminate in the grand re-opening in 2020.

Together with Kansai International Airport and Kobe Airport under the integrated three-airport operation which started last April, ITAMI will continue to endeavor to create exciting and seamless airport experiences, while putting safety and security first for all airport guests.

In honor of celebrating ITAMI's 4th coming of age and in appreciation of everyone's kind support and encouragement, we are holding the following event:

- Date and time
Tuesday, January 15, 2019 10:00-12:00
- Location
Arrival lobby on Level 2, central zone, Osaka International Airport
- Details
Kansai Airports Group employees, some in Japanese Kimono, and our airport mascot Sorayan will hand out bean-jam pancakes (dorayaki) stamped with the 80th anniversary logo.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
