

ITAMI to launch Rental Car Station and expand car sharing service!

Kansai Airports is pleased to announce the launch of the Rental Car Station and expansion of the car sharing service at Osaka International Airport (ITAMI).

The Rental Car Station, scheduled to open on July 8, will have 5 brands: ORIX Rent-A-Car, TOYOTA Rent a Car, Times CAR RENTAL, NISSAN Rent a Car, and Nippon Rent-A-Car. This will provide arriving and departing passengers with direct access to and from the station located in the terminal building. Replacing the shuttle service previously offered between the airport and each station, the Rental Car Station is expected to add a great deal of convenience to the customer experience.¹

Furthermore, we are expanding the number of cars available for sharing service in the central area of the car park at ITAMI. The plan is to increase the number in phases from the current 12 cars to 41 cars by August 2. This will be the largest in scale among the major airports in Japan.² By further enhancing the car sharing service operating 24 hours a day, 7 days a week, we aim to meet the diverse needs of customers.

Kansai Airports is committed to boosting convenience and improving services to ensure comfortable and exciting travel experiences for airport guests.
