Kansai Airports Expects 12% Growth in International Passengers at KIX in Summer Holiday, which is the Highest Ever Daily Passenger Average

Kansai airports announces that the expectation of a 12% growth in passengers on international flights at Kansai International Airport (KIX) during the summer holiday in 2016.

The summer holiday this year is for 12days starting from August 10th (Wednesday) and ending on August 21st (Sunday). Total number of passengers on international flights at KIX during the summer holiday is estimated at 714,700. The daily average number of passengers on international flights at KIX is estimated 59,600 which represents 12% growth to the previous year, and will be the highest ever. (The best record of the past was in 2015.)

The number of departing passenger is estimated at 364,900 (+10% growth to the previous year) whilst the number of arrival passenger is estimated 349,800 (+15% growth to the previous year). China, South Korea and Taiwan are the top three destinations of departure in terms of number of passenger.

During the summer holiday, we foresee higher congestion at KIX, especially at the security check area. Please make sure to arrive at the airport much earlier than usual. In addition, the parking area is also expected to be crowded, so we would like to ask for passenger's corporation to use public transportation.
