

## ITAMI ranked as world's most punctual airport in Large Airports category !

–Efforts by all airport staff bearing fruit

U.K.-based air travel intelligence firm OAG Aviation Worldwide Limited (OAG) has revealed its Punctuality League for 2018<sup>\*1</sup>, the authoritative ranking of the on-time performance of airports worldwide, naming Osaka International Airport (ITAMI) the world's most punctual airport in the Large Airports category<sup>\*2</sup>.

On top of the day-to-day efforts of the airlines serving at ITAMI, our concerted efforts involving all airport staff have led to this tremendous achievement.

Kansai Airports is committed to taking an all-hands-on-deck approach to offer the airport guests a comfortable experience with on-time performance of our carriers.

Trophy & certificate awarded from OAG at ITAMI on March 7, 2018

#### \*1 OAG Punctuality League 2018

The league compares flights records covering the 2017 calendar year to create a ranking of the best on-time-performance (OTP) for the world's largest airlines and airports by category. The ranking is based on the proportion of scheduled flights that arrive or depart within 14 minutes and 59 seconds (under 15 minutes) of their scheduled times.

#### \*2 Large Airports category

Airports with departing scheduled seats between 10 million and 20 million per annum.
