

**NokScoot to launch route from KIX to Don Mueang, Bangkok
- Four weekly flights starting from Oct. 29 -**

Kansai Airports is pleased to announce that NokScoot, Thailand's low-cost carrier based in Bangkok, will operate four weekly flights between Kansai International Airport (KIX) and Don Mueang, Bangkok, starting on Monday, October 29, 2018.

NokScoot was founded in 2014 as a joint venture between Singapore's no-frills airline Scoot and Thailand's Nok Air. Unlike other budget carriers that use narrow-body aircraft such as B737 and A320, the airline operates wide-body B777, a more spacious model, to serve mid-to long-haul routes.

The launch—NokScoot's first flight service to KIX—is expected to attract more leisure and business passengers since Bangkok is a popular destination among Japanese.

Kansai Airports will continue to explore opportunities to expand its global network, including low-cost routes, to offer a more convenient and comfortable experience for all passengers.

- Date of Launch
Monday, October 29, 2018

- Flight Schedule

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
