

## **KIX Pharma Community awarded CEIV Pharma, Japan's first airport community to be certified**

Kansai Airports is pleased to announce that KIX Pharma Community achieved IATA's CEIV Pharma on June 10, 2019, becoming the first airport community in Japan to be awarded the certificate. The CEIV pharma program is a globally recognized standard for pharmaceutical product handling.

Partnering with international cargo handlers at KIX, Kansai Airports established the community in August 2017 with an aim to meet the industry's international standard for air transportation of pharma products.

With all the community members being CEIV Pharma certified, more consistent quality throughout the supply chain will be ensured, thus offering customers safer and higher-quality pharma cargo service.

Kansai Airports is committed to providing quality handling of pharmaceutical cargo while continually making joint efforts with its partners.

### ■ **KIX Pharma Community participating companies**

CKTS Co., Ltd. (Kansai Airports Group)

**KIX ITAMI KOBE**

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
