

Maritime disaster drill to be conducted at KIX oil tanker berth

Kansai Airports today announced that it will carry out a marine disaster drill at the oil tanker berth in Kansai International Airport (KIX) on November 5, 2019.

Simulating a fuel spill from a tanker arriving at the airport's berth, the drill aims to ensure quick and appropriate responses in the event of emergencies and enhance disaster preparedness in cooperation with relevant organizations.

Kansai Airports will continue to strive to provide a safe and secure airport environment to its passengers.

Date & Time: Tuesday, November 5, 2019, 14:00-15:20
(postponed to November 6 in case of heavy rain)

KIX ITAMI KOBE

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
