

KIX ranks No. 1 in three categories at Skytrax World Airport Awards including its first World's Best Airport Staff

Kansai Airports is excited to announce that Kansai International Airport (KIX) has been named the winner in three categories— “World's Best Airport Staff”, “Best Airport Staff in Asia”, and “World's Best Airport for Baggage Delivery”— of World Airport Awards 2020* presented by Skytrax, a UK-based aviation research firm.

Kansai Airports continues to improve its airport environment and offer a new travel experience to bring more comfort and fun to all airport guests.

■ **Top Awards**

World's Best Airport Staff

The award recognizes the quality of service (attitude, friendliness, and efficiency) delivered by airport staff. It covers all front-line positions involving customer service in immigration, security, shops, food & beverage outlets, and others. This is the first time KIX has taken first place in this category. And we are proud that this is in recognition of tireless efforts made by each one of those striving to provide the best possible service to passengers and airport visitors.

Best Airport Staff in Asia

This title is intended for an airport in Asia which excels in the level of service provided by its staff. KIX came out on top in this category for the first time since 2014. As with the Award for “World's Best Airport Staff”, this outstanding achievement could not have been possible without the hard work of our dedicated individuals.

World's Best Airport for Baggage Delivery

This recognition is based on baggage handling performance including waiting time for passengers to receive their baggage, efficiency of the baggage drop-off/pick-up processes, and staff's responses to lost baggage. KIX has retained the title for the sixth consecutive year since 2015. And the airport has a proud record of no lost baggage for its own fault since its opening. This amazing accomplishment, along with the award win, reflects careful daily work of operational and technical staff belonging to our group and stakeholders that include airlines and ground handling companies.

■ **Other Awards**

KIX secured the tenth position in World's Best Airport and came in second in World's Best Airport by Passenger Numbers (30-40 million passengers). KIX's other awards include:

- World's Best LCC Terminal: 2nd place
- World's Best PRM / Accessible Facilities: 2nd place
- World's Best Airport Security Screening: 6th place
- Best Airports in Asia: 7th place
- World's Cleanest Airport: 9th place

Furthermore, Osaka International Airport won the third place in the Best Domestic Airport category.

*The Awards are based on survey questionnaires completed by air travelers from 100 different countries/regions, covering 550 airports around the world.

 **KANSAI AIRPORTS**

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
