

E-gates installed at international departures in KIX - New solution to push forward Fast Travel initiative -

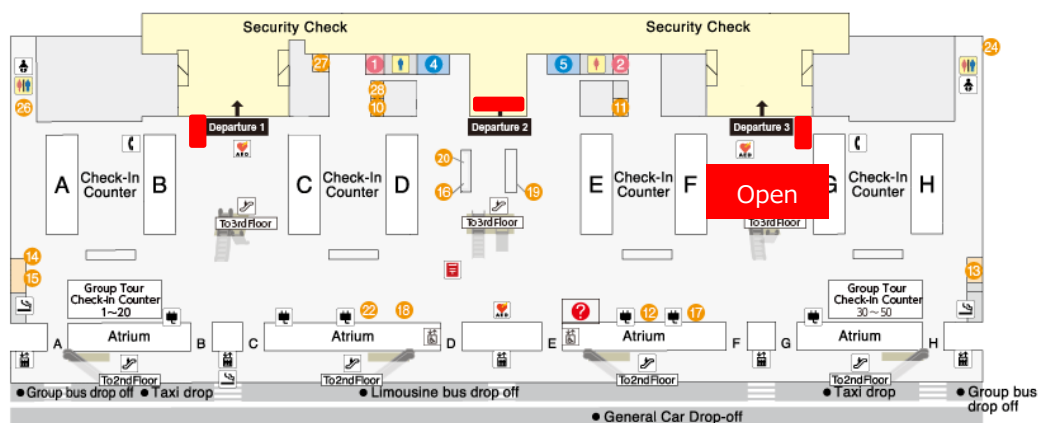

Kansai Airports today announced that it has opened e-gates at international departures in Terminal 1 of Kansai International Airport (KIX) with an aim to further promote its Fast Travel* initiative.

The electronic gates, installed before security, automate the verification of boarding passes and expedite processing of departing passengers. With the new e-gates, travelers can self-scan their boarding pass to enter the security screening area, bypassing manual scanning by airport staff. This ensures a seamless process at the departure gate and reduces the burden on screening staff. The automated gates also enable a touchless travel experience, helping to prevent the spread of the coronavirus.

Kansai Airports will continue to proactively introduce cutting-edge technologies to provide convenient and comfortable journeys for its passengers.

*Fast Travel is an initiative supported by IATA and ACI that aims at offering a seamless and efficient passenger experience at airports.

- Gate opening: Monday, July 27, 2020
- Number of gates: 12 in total
Departures 1 (General: 4 gates, Fast lane: 1 gate)
Departures 2 (General: 2 gates)
Departures 3 (General: 4 gates, Fast lane: 1 gate)
*As of today, Departures 1 and 2 are closed; only Departures 3 is in operation.
- Location: Departures 1 to 3
Level 4, Departure Floor, Terminal 1
*Currently, only Departures 3 is open.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“Kobe”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
