

Lufthansa Cargo to fly new aircraft B777F

- Service starting from October 28, 2020 -

Kansai Airports is delighted to announce that Lufthansa Cargo (LH) will fly a new Boeing 777F freighter, beginning October 28, 2020.

Between November 12 and December 10, the cargo carrier will add one weekly flight, resulting in three weekly services. Based in Frankfurt, Germany, Lufthansa Cargo is currently operating two weekly flights at Kansai International Airport. With this aircraft replacement, the cargo carrier's freight capacity will increase by 20 tons per flight, improving their transportation capacity to Europe.

Kansai Airports will continue expanding its cargo carrier network for greater convenience of cargo owners and freighters while striving to contribute to the economic development of Kansai and destination areas.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016. Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve. For more information, please visit : <http://www.kansai-airports.co.jp/en/>
