

Kansai Airports Group employee positive with COVID-19 (fourth case)

Kansai Airports Group confirmed that one of its employees has tested positive for COVID-19. Currently, we are taking steps to prevent the spread of the virus, following the guidance from the public health center.

[Case description]

Infected person: A male employee of Kansai Airports Retail & Services aged 40s
Place of work: Terminal 2, Kansai International Airport
Role: Duty-free shop staff
[Safety measures in store]
*All staff are required to wear masks or face shields, and sanitize their hands frequently. Also, cashiers wear gloves at the registers.
*We have installed sneeze protectors at the counters, followed regular disinfection and ventilation procedures, put plastic covers on cosmetic display stands, and ceased all food & drink tasting.

Details: The employee who tested positive for COVID-19 last came to work on October 31. He developed a fever on November 3, and as the symptom persisted, he took a PCR test on November 7 and received a positive result on November 8.
As of today, his condition is stable and he is self-quarantined at home according to the instruction of the public health center.

So far, we have found no evidence that the infected employee was in close contact with customers and other workers. He had no contact with the employee who was announced as testing positive on November 6 (third case).

Kansai Airports will continue to place the highest priority on the safety of customers and employees, and strive to prevent the spread of infection in cooperation with the public health center, the Ministry of Health, Labour and Welfare and other government agencies, with strict COVID-19 safety measures in place.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
