

## **Emergency drill to be held at KIX aircraft fueling facilities**

Kansai Airports will carry out an emergency exercise at the Fueling Center in Kansai International Airport (KIX) on July 14, 2021, simulating that a massive earthquake has affected the airport's aircraft fueling facilities.

The drill is held annually to achieve quick initial response, foster coordination with Cargo Area Operation Center and relevant organizations, enhance the response structure and raise awareness of disaster prevention.

Kansai Airports will continue to strive to provide a safe and secure airport environment to its passengers.

Date: Wednesday, July 14 from 2:00 pm to 3:00 pm (July 30 in the case of heavy rain)

Location: KIX Fueling Center (aircraft fueling facility)

Organizer: Kansai Airports

Participating Organizations: Senshu-Minami Fire Department, Kansai Airport Coast Guard Air Station, Kansai Airport Police, Osaka Prefecture, Kansai Airports Operation Services, Kansai Airports Technical Services

Number of participants: 60

Program: (1) Victim information sharing and initial response  
(2) Emergency communication and call  
(3) Rescue  
(4) Evacuation guidance (emergency vehicle guiding)  
(5) Prevention and removal of oil spillage  
(6) Initial firefighting  
(7) Prevention of fire spreading  
(8) Evacuation guidance for staff of neighboring facilities and road closure  
(9) Evacuation instruction to operators in the vicinity of fueling area

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.

(As of March 31, 2021)

VINCI Airports, the leading private airport operator in the world, manages 45 airports in 12 countries in Europe, Asia and the Americas. We harness our expertise as a comprehensive integrator to develop, finance, build and operate airports, while leveraging our investment capability and expertise in optimising operational performance, modernising infrastructure and driving environmental transition. VINCI Airports became the first airport operator to start rolling out an international environmental strategy, in 2016, with a view to achieving net zero emissions throughout its network by 2050.
