

Kansai Airports & J-AIR to hold 4th *Sora no Ichi*
- Fresh produce from six Tohoku prefectures & Niigata to arrive at ITAMI! -

Kansai Airports is partnering with J-AIR Corporation once again to hold the 4th *ITAMI Sora no Ichi*, or a pop-up market, at Osaka International Airport (ITAMI) on October 30, 2021.

Based at ITAMI, J-AIR operates an extensive route network, connecting Osaka to cities large and small across Japan. The regional commuter airline promotes the revitalization of regional economies through its activities such as introducing local specialties in flight and participating in local events. As part of this effort, J-AIR has collaborated with ITAMI to hold *ITAMI Sora No Ichi* three times in the past, which provided opportunities for airport guests to buy fresh produce and specialties transported by air from the destinations linked to ITAMI.

The upcoming market will feature six prefectures in Tohoku (Aomori, Akita, Iwate, Yamagata, Miyagi and Fukushima) and Niigata, offering a wide variety of much-loved delicacy and seasonal fruits and vegetables carefully selected by local staff of the JAL Group, as well as locally brewed sake and J-AIR's 25th anniversary items. What is more, for the first time in this market, additional products will arrive on a morning flight to be on store shelves in the afternoon on the day of the event.

This time, customers making a purchase of 3,000 yen (including tax) or more will receive a specially-designed mask case. And a one-hour free parking ticket will be given to each customer visiting the airport by car with purchase of 3,000 yen (including tax) or more. Come make a delicious encounter at ITAMI!

Kansai Airports Group will continue to create a new travel experience by holding exciting events for all customers.
