The hotel also provides a room that collaborates with Osaka International Airport, “ITAMI AIRPORT ROOM”, which is surrounded by airplane graphics and models, allowing guests to experience the extraordinary atmosphere of the airport from the room. Customers who purchase the accommodation plan with ITAMI AIRPORT ROOM will also be able to take home a stuffed toy of Sorayan, the official character of Kansai Airports Group, to commemorate your trip!

Kansai Airports Group plans to deliver attractive information of the airports and travel to many people through exciting campaigns.

Runway of Osaka International Airport

The “ITAMI AIRPORT ROOM” has a runway designed on a wallpaper and a 1/72 scale airplane model on top. In addition, the interior of the model airplane and the runway on the wall have LED lights mimicking the taxiway signs, creating a bird’s eye view of the runway at night.
