

**KIX won the first prize in two categories in Skytrax's international airport evaluation!
Awarded 7th time in Baggage Delivery**

Kansai Airports is excited to announce that Kansai International Airport (KIX) has won the first prize in two categories— "World's Best Airport for Baggage Delivery 2022" and "World's Best Low-Cost Terminal 2022" — of World Airport Awards 2022*, an international airport evaluation, presented by Skytrax, a UK-based aviation research firm.

World's Best Airport for Baggage Delivery 2022

This is the seventh time KIX has received this award, which is based on the evaluation of the waiting time for baggage, efficiency of baggage delivery, and response to lost baggage. We believe this evaluation and the fact that KIX has recorded zero lost baggage since its opening are the result of the careful daily work of our technical staff, airlines, ground handling companies and other stakeholders.

World's Best Low-Cost Terminal 2022

This award targets terminals specializing in LCC and this is the fourth time KIX has won the award, following 2015, 2018 and 2019. Since the opening of Terminal 2 as an LCC terminal in October 2012, KIX has been working to create a comfortable space by introducing walk-through duty-free shops and smart lanes for efficient baggage inspection, which are the first of their kind in Japan. The terminal 2 was expanded in 2017, following the needs of airlines, and passengers demand and we believe these efforts contributed to this great success and this evaluation.

The award ceremony

KIX was ranked 10th in "World's Best Airport" and 3rd in "World's Best Airport (2million to 5million passengers)." ITAMI was ranked 4th in "Best Domestic Airport."

- Other nominations related to KIX
 - Best Airports in Asia : 5th place
 - World's Cleanest Airports : 6th place
 - Asia: The Cleanest Airports : 5th place
 - World's Best Airport Staff : 4th place

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
