

KIX to carry out comprehensive aircraft rescue and firefighting drill

Kansai Airports will conduct a comprehensive aircraft rescue and firefighting drill at Izumisano Port near Kansai International Airport (KIX) on Thursday, October 13, 2022.

This drill aims to prepare for an aircraft accident in the waters near KIX, and to conduct prompt and appropriate firefighting, rescue, and disaster medical activities in close coordination and cooperation with all relevant organizations, in accordance with the Maritime Aviation Accident Response Guidelines stipulated in the Kansai International Airport Emergency Plan. The drill will be conducted with thorough measures against COVID-19.

Kansai Airports Group will continue to strive to maintain the safety of travel and create a safe traveling environment for airport users through various drills.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
