

Earthquake & tsunami drill to take place at KIX

Kansai Airports today announced that it will carry out an earthquake and tsunami drill at Kansai International Airport (KIX) on November 11, 2022.

The drill, covering the entire airport islands, simulates a scenario in which a Nankai Trough mega-quake with magnitude 9.0 occurs, triggering a major tsunami warning for Osaka Prefecture. Through practices such as initial response to the earthquake and evacuation of the terminal buildings, the drill aims at enhancing disaster preparedness among airport workers and building a shared understanding of actions to be taken in the event of an earthquake and tsunami.

Kansai Airports will continue to strive for securing a safe traveling environment for all airport guests.
