

## ITAMI Airport Tops CIRIUM 2022 On-Time Performance Awards for Large Airport

Kansai Airports is delighted to announce that Osaka International (ITAMI) Airport was ranked at world's 1<sup>st</sup> place in "The On-Time Performance 2022" (overall ranking of the on-time performance rate\* for airlines and airports in the world) for the Large Airport category, an award by CIRIUM, the global aviation analytics leader. The Cirium 2022 On-Time Performance Review is the global gold standard for airline and airport performance.

The award is attributed to the high actual on-time departure rate achieved by the Fast Travel initiatives conducted at Kansai Airports Group, in addition to the daily operations of each airlines in service to ensure on-time performances.

Kansai Airports Group will continue to work together with our stakeholders to ensure on-time performance of the aircrafts, and we will thrive to provide a comfortable airport to our passengers.

### Large Airport Category

Rank	Airport	Country/region	Average OTP rate
1	Osaka International (ITAMI) Airport	Japan	94.06%
2	Fukuoka Airport	Japan	90.56%
3	Haneda Airport	Japan	90.33%

\*On-time performance rate: Rate of passenger flights that departed from or completed the gate on time. The definition of on-time is when the aircraft departs the gate within 15 minutes of the scheduled departure time. The On-Time Departure is the evaluation criteria to rank airports

Cirium brings together powerful data and analytics to keep the world moving. Delivering insight, built from decades of experience in the sector, enabling travel companies, aircraft manufacturers, airports, airlines and financial institutions, among others, to make logical and informed decisions which shape the future of travel, growing revenues and enhancing customer experiences. Cirium is part of RELX, a global provider of information-based analytics and decision tools for professional and business customers. The shares of RELX PLC are traded on the London, Amsterdam and New York Stock Exchanges using the following ticker symbols: London: REL; Amsterdam: REN; New York: RELX. ### ■ Outline of The On-Time Performance Awards 2022

On-time arrival for airlines and on-time departure for airports are being evaluated using data from January to December 2022 and the result ranks airlines and airports worldwide. Airport has four categories (Global Airport, Large Airport, Medium Airport, Small Airport) which is based on the rate and other factors from the total number of flights.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
