ITAMI to be lit up again!

-With the theme of "Pure White" this winter-

Kansai Airports is pleased to announce that winter lights will be turned on at Osaka International Airport (ITAMI) from December 1.

This year, under the "Pure White" theme, we welcome visitors to the airport with a new illumination of white LED lights that change into various colors, creating a spirit of hope that will be painted in any color for the future. We welcome our visitors with this new illumination based on the concept of the spirit of hope. Visitors can also enjoy "Sorayan's garden" in Christmas fashion.

Kansai Airports Group will create new travel experiences and hopes to put a big smile on the face of all visitors!

Corridor connecting north and south boarding

Observation Deck (south side)

Sorayan's garden

Observation Deck (north side)

Outline of winter lights

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport ("KIX") and Osaka International Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOBE") from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
