ITAMI Airport Tops CIRIUM 2023 On-Time Performance Awards for Medium Airport

Kansai Airports is delighted to announce that Osaka International (ITAMI) Airport was ranked at world's first place in "THE ON-TIME PERFORMANCE REVIEW 2023" for the Medium Airport category, which is overall ranking of the on-time departure rate* for airlines and airports in the world, an award by CIRIUM, the global aviation analytics leader.

The ON-TIME PERFORMANCE REVIEW has been conducted by CIRIUM for more than 15 years, making it one of the longest-running analysis in the industry. The award is attributed to the Fast Travel initiatives promoted at Kansai Airports Group, in addition to the daily operations of each airline and other operators at ITAMI to ensure on-time performance.

Kansai Airports Group will continue to work as one to ensure on-time performance and to create a comfortable airport experience for our passengers.

Medium Airport Category

Rank	Airport	Country/region	Average OTP rate
1	Osaka International Airport (ITM)	Japan	90.71%
2	Tocumen International Airport (PTY)	Panama	90.51%
3	Jorge Chavez International Airport (LIM)	Republic of Peru	84.99%

*On-time departure rate: Rate of passenger flights that departed within 15 minutes after the planned departure time from the gate. The on-time "departure" rate is the evaluation criteria to rank airports.

CIRIUM is an aviation data handling and analysis company that contributes to the digitalization of the aviation industry by providing the industry's most accurate and comprehensive data sets. CIRIUM provides analysis data of real-time flight information, timetables, fleet information, and aircraft appraisal data analysis for the world's airlines, and has been widely featured and quoted in the international media. CIRIUM is part of RELX, a global provider of information-based analysis and decision-making tools for professional and corporate clients. RELX PLC is listed in London, Amsterdam, and New York. ■ Outline of The On-Time Performance Awards 2023

This is a global standard to evaluate performance of airlines and airports, and the ranking is determined based on on-time arrival for airlines and on-time departure for airports using data from January to December 2023. Airport has four categories (Global Airport, Large Airport, Medium Airport, Small Airport) which is based on the rate and other factors from the total number of flights.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport ("KIX") and Osaka International Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOBE") from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
