

KIX Summer Vacation Special Event "Parent-child Environment Tour"

Kansai Airports is excited to announce that a special summer vacation event, "Parent-child Environment Tour" is set to be held on August 8, 2023, for elementary school students and their parents living near the Kansai International Airport (KIX).

At Kansai Airports, we have been implementing a variety of environmental measures and SDG initiatives, such as reducing CO2 emissions. Through this event, we invite you to visit environment-related facilities at KIX, such as a purification center and hydrogen station, providing you with a learning opportunity about our environmentally friendly initiatives. We have prepared a wide variety of content that parents and children can enjoy and learn as a summer research project, including a VR experience and observation of microorganisms of the seaweed bed around KIX, and the introduction of environmentally friendly measures taken during aircraft operations.

Kansai Airports Group will continue to introduce the attractions of the airport and travel to as many people as possible through events that bring excitement to everyone, with the aim of making airports friendly to people and the environment.

Pictures from the tour held last year

Date and time: Tuesday, August 8, 2023, from 12:15 to 16:30 (Reception at 12:00)

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport ("KIX") and Osaka International Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOBE") from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
