Flood Season Drill 2024 at KIX

- Familiarization training on assistance to stranded customers and multilingual support -

Kansai Airports is pleased to announce that we will hold a flood season drill at Kansai International Airport (KIX) on July 12, 2024.

The purpose of this drill is to strengthen the multilingual support system and to provide an efficient assistance to stranded customers, simulating a situation where public transportation becomes out of service after KIX is directly hit by a typhoon and customers are forced to spend the night at the airport. The drill includes familiarization training on the processes using the Emergency Information Card, which was introduced to ensure appropriate care according to the needs and language of individual customers. The drill will take place at Terminal 2, and we aim to improve our multilingual support as well as assistance for stranded customers.

Through drills, we aspire to raise awareness of disaster prevention among airport employees and check proper procedures to ensure safe airport operations and further strengthen the system to disseminate information to our customers.

Kansai Airports Group will continue to maintain the safety that supports travels and to create an environment that facilitates customers to use our airports without worries.

Outline of the drill

Date: Friday, July 12, 2024, from 2:00 to 3:00 p.m.

Location: Domestic departure and arrival floor of KIX Terminal 2

Participating organizations: Kansai Airports, Kansai Airports Operation Services, airlines, etc.

Number of participants: Approximately 40

Contents: Providing multilingual support, handling stranded customers

Shaping a New Journey

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
