KIX 30th Anniversary: Summer Vacation Special Event "Parent-Child Environment Tour" **Learn about environmentally friendly practices at the airport!**

Kansai Airports is excited to announce that a special summer vacation event, "Parent-Child Environment Tour 2024 at KIX," is set to be held on August 19 and 20, 2024, to celebrate the 30th anniversary of the opening of Kansai International Airport (KIX).

Through this event, we aim to provide opportunities for elementary school students in grades 4 to 6 and their guardians to learn about environmental measures and SDG initiatives implemented at the airport. We invite you on a bus tour to off-limits areas where you can see and learn about environmental initiatives during airplane operations and environment-related facilities. This year, to commemorate KIX's 30th anniversary, we will hold the event for two days with our cooperating companies, instead of the usual one-day event. We have prepared many contents that children can enjoy learning as their summer research project.

Kansai Airports Group will continue to introduce the attractions of the airport and travel to as many people as possible through events that bring excitement to everyone, with the aim of making airports friendly to people and the environment.
