## Osaka International Airport's Wedding Plan - Second Edition Application Starts from August 2024

Japan Airlines Co., Ltd. (Headquarter: Shinagawa-ku, Tokyo, hereinafter "JAL"), Kansai Airports (Headquarter: Izumisano City, Osaka), and BELLCLASSIC KUKO (Headquarter: Ikeda City, Osaka, BELLCO Co., Ltd.), have collaborated to launch the "Osaka International Airport Wedding Plan." This project offers couples the unique opportunity to have a special photo shoot at Osaka International Airport (Itami Airport) in their wedding attire, with application starting from August 20 in 2024. In this plan, couples can enjoy dynamic photo shoots against the backdrop of a variety of aircraft, capturing powerful moments in front of the magnificent airport setting. Through the grandeur and extraordinary experience unique to Osaka International Airport, we will create special moments that will remain in your hearts. Following the success of the limited-time [wedding plan](#) launched in July last year, we are excited to announce the second edition of this project, which aims to deliver even more exciting elements. We hope you look forward to this collaboration.
