Kobe Airport Fire-fighting and rescue drill for aircraft accidents

Kansai Airports Kobe is pleased to announce that we will conduct a fire-fighting and rescue drill for aircraft accidents at Kobe Airport on Tuesday, November 19.

The purpose of this training is to verify the effectiveness of Kobe Airport Emergency Plan in the event of an aircraft accident at Kobe Airport, and to implement prompt and appropriate firefighting, rescue and disaster medical services in close cooperation with stakeholders.

Kansai Airports Group will continue our efforts to ensure safe travel and continue various training programs so that passengers can use our airports comfortably.

- Date & Time: Tuesday, November 19, 2024, 2:00 pm - 4:00 pm
- Location: Kobe Airport maintenance area, Stand No. 1
- Organizer: Kobe Airport Emergency Plan Liaison Council

Shaping a New Journey

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport (“KIX”) and Osaka International Airport (“ITAMI”) from New Kansai International Airport Company (“NKIAC”) and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports’ wholly-owned subsidiary, took over the operations of Kobe Airport (“KOBE”) from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of “One Kansai Airports Group”, Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
