# Earthquake & tsunami drill to take place at KIX

Kansai Airports is pleased to announce an earthquake and tsunami drill at Kansai International Airport (KIX) on November 27, 2024. The drill, covering the entire airport islands, simulates a scenario in which a Nankai Trough mega-quake with magnitude 9.0 and Japanese seismic intensity 6-upper occurs, triggering a major tsunami warning for Osaka Prefecture. Through practices such as initial response to the earthquake and evacuation of the terminal buildings, the drill aims at enhancing awareness of disaster prevention among airport workers and building a shared understanding of actions to be taken in the event of an earthquake and tsunami.

Kansai Airports Group will continue to conduct various drills and exercises for safety and security of customers' travel and their time at the airports.

#### Shaping a New Journey

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport ("KIX") and Osaka International Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOBE") from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
