KIX Summer Vacation Special Event: Parent & Child Eco Tour 2025

- Let's have fun learning about the airport's efforts toward a sustainable future! -

Kansai Airports is excited to announce the "Parent & Child Eco Tour 2025," a special summer vacation event taking place at Kansai International Airport on Monday 18 August and Tuesday 19 August 2025. Designed for students in grades 4 through 6, this fun and educational tour offers a unique opportunity to explore the airport during the summer vacation. Participants will visit areas that are normally off-limits to the public and learn firsthand about Kansai Airports Group's environmental initiatives—including decarbonization, circular economy, and environmental symbiosis—as well as the sustainability efforts of airlines. By experiencing these initiatives firsthand, children will gain a deeper understanding of environmental issues and develop greater awareness of the importance of building a sustainable society. Kansai Airports Group remains committed to creating airports that are both people-friendly and environmentally conscious. Through enjoyable and meaningful programs like this, we aim to share the excitement of airports and travel with as many people as possible.

Event details

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai Itami Airport ("KIX") and Osaka Itami Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since 1 April 2016.

Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOB") from Kobe City and started its business as an operating company on 1 April 2018.

Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
