Kansai Airports is pleased to announce that the Sky Day Festival 2025 will be held at Kansai International Airport (KIX) on 25 October 2025, organized by Sky Day and Sky Week Committee of KIX.

This event aims to foster public interest and understanding of airports and aviation. On the day of the event, participating organizations will host booths and stage events, while visitors will have the rare opportunity to join guided tours of airport facilities that are normally off-limits to the public.
